6-Pour finir, cochez « Password » pour modifier le mot de passe

The screenshot shows the SmartPSS Professional Surveillance System interface. The main window is titled 'Account - 192.168.1.123'. A 'Modify User' dialog box is open, allowing the user to edit the 'admin' user. The dialog includes fields for 'User Name', 'Password', 'Old Password', 'New Password', 'Confirm Password', 'Group', and 'Memo'. A 'Rights List' section is also present, with several options checked, including 'Ctr Panel', 'Shutdown', 'Monitor', 'Monitor_01', 'Monitor_02', 'Monitor_03', 'Monitor_04', and 'Playback'. The 'Password' checkbox is checked, indicating that the password will be updated. The background shows a tree view of devices and a table of user accounts.
